Miss Sakunta taken initiative to have Taekwondo session of kids

Isha Thapa had the leg pain and 23rd June she was taken to Fishtail hospital for Check up. According to her X-ray report and Dr. Bhola Shrestha she has infection in her bone (Osteomyelitis) of fore toe(Ring toe). She is prescribed with antibiotics for one week If not fine she might need to have her leg surgery.

Note : - She had the same leg surgery for 4 times before 4 years and had two small bones of the same finger removed earlier.

Health

Krishna had a back pain on 24th June and visited Metrocity Hospital and after X-ray doctor told the reason of muscle sprain, Got antibiotics for one week.

Thank you..... To be continued....
